Office Expansion

As you have probably noticed we have expanded the office area to accommodate some of our needs. Jack Walker's office will now be with the rest of the staff at 3364. The house at 3502 will be removed during the main building construction phase. The expansion was funded by part of the money received in the sale of some 16th and Vine property a couple of years ago. We invite you at any time to come by the offices to see the facilities and get to know all the staff.

Chapel Stage Area

If you have not seen it yet the Chapel stage area has been expanded to be more usable for weddings, funerals and our Sundown worship service to begin in mid-August. Special thanks to Steve Henderson for taking on this project. We will now be working on better lighting for the Chapel.

Song packets are available at the Welcome Center for those who would like the music.
